Alumni Profiles

The president and executive welcome submissions of Alumni profiles for inclusion on the Alumni Web page - https://www.rch.org.au/alumni/alumni_profiles/

The number of profiles that are currently shown on the website is quite small and many current members have interesting stories to tell which would add to the Alumni Profiles.

Profiles may be self-written or composed by others, especially for deceased persons. Profiles should include a photograph and a biographical entry which may include details of the individual's background, training, career and interests within and outside their profession. Profiles will not normally exceed 1500 words in length.

Please submit profiles to the secretary via rch.alumni@rch.org.au

Profiles of distinguished past (deceased) Alumni will be welcome even if they were not members of the Alumni Association, so long as they fulfil current membership criteria.

Profiles that are not written by the individual themselves may require permission or approval from family or friends / colleagues. Profiles submitted will be subject to editing and approval by the executive of the Alumni Association before publication.
